MABOKA Khomotso

1. Website Project Proposal 1: Urban Crust Bakery

Organisation Overview

Urban Crust Bakery is a fictional small bakery serving the local community with freshly baked goods, aiming to deliver quality products and friendly service. Target audience: families, students, and businesses.

Website Goals and Objectives

To build a professional website that strengthens online presence and simplifies customer enquiries.

- Display products clearly
- Generate product and custom-cake enquiries
- Provide contact details and location
- Improve customer engagement

Current Website Analysis

The bakery has no dedicated website, relying on word-of-mouth and social media. The proposed site addresses this with a product catalogue, dedicated enquiry forms, and responsive design.

Proposed Website Features

- Homepage: Introduction, hero image, call-to-action
- About Us: Bakery history and mission
- Products: Cakes, bread, cupcakes with descriptions
- Enquiry: Custom-cake and product request form (type, size, date needed)
- Contact: Location, map, hours, general enquiry form

Design and User Experience

- Colour scheme: Cream, brown, soft orange
- Typography: Georgia (headings), Arial (body)
- Responsive across desktop, tablet, mobile
- WCAG AA colour contrast; alt text on all images

Technical Requirements

- HTML5, CSS3, JavaScript
- GitHub for version control

- Free hosting during development; paid hosting at deployment
- Domain registration (.co.za)

Timeline and Milestones

- Weeks 1–2: Research, proposal, wireframe
- Weeks 3–6: Development
- Weeks 7–8: Testing
- Weeks 9–10: Deployment

Budget

Item	Cost (ZAR)
Website development (self-built)	R0
Domain (.co.za, 1 year)	R150
Hosting (1-year, post-trial)	R300
Images/licensing buffer	R50
Contingency (10%)	R50
Total	R550
